
REPLACEMENT BULBS:

Replacement bulbs (part #9020) for the MicrosunLyte are available by calling **888-328-8701** or online at **microsun.com**.

CARE AND USE INSTRUCTIONS:

- Do not open the module. There are no serviceable parts inside.
 - Always unplug the lamp from the wall socket before changing bulbs.
 - Never leave any sockets empty when lamp is plugged in.
 - Fabric shades should only be vacuumed. Do not attempt to wash or dry clean fabric shades.
 - Wood, brass or other lamp bases should be cleaned with normal dusting. Do not use any type of abrasive cleaners on any lamp body.
-

Your Microsun Lamp is under warranty for 3 years, and you have 30 days to return your lamp for any reason by following the enclosed return policy.

Please reach out to us if you have any questions and we will be happy to help

Congratulations! You now own a lamp featuring MicrosunLyte technology which provides you with bright, clear, healthy, glare-free light. **We recommend you watch the instructional video before assembling your lamp. QR Code on the back page.**

The MicrosunLyte is for INDOOR USE ONLY!

INSTALLING BULBS / REPLACING BULBS:

CAUTION: When installing bulbs, unplug the lamp from the wall outlet to eliminate possible shock hazard. If light bulbs are hot to the touch, please allow bulbs to cool before handling. Do not operate this lamp with missing bulbs or parts.

LIGHT OUTPUT / ENERGY:

The MicrosunLyte includes one 9-Watt LED Uplight and six (6) 8-Watt LED bulbs that emit 800 Lumens each, for a total lamp output of 5600 Lumens of crisp, clean natural light—perfect for working, reading or a bright, cheerful room ambience.

CAUTION: To prevent risk of fire, make sure bulbs are used at an angle and must be kept at a safe distance from the lamp shade.

ASSEMBLING THE MICROSUNLYTE SYSTEM:

Unpack all contents of the boxes and make sure all of the following parts have been included and are in good condition:

- Lamp Body (1)
- Lampshade (1)
- MicrosunLyte Module (1)
- MicrosunLyte LED Bulbs (6 + 1 Uplight)
- Clip-on Shade Adapter and Finial(1)
- Owner's Manual (1)
- Smart Plug OR Slide Cord Dimmer (1)

STOP! MAKE SURE THE MICROSUNLYTE LAMP IS UNPLUGGED BEFORE STARTING THE INSTALLATION.

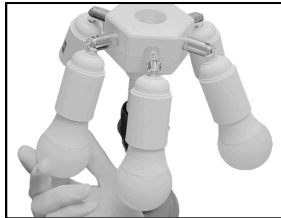

STEP ONE: INSTALL THE MICROSUNLYTE MODULE

Twist the MicrosunLyte Module securely into the lamp socket.

STEP TWO: INSTALL THE MICROSUNLYTE BULBS

Twist the seven MicrosunLyte LED bulbs into the bulb sockets. Six bulbs will point down and the uplighter will point up.

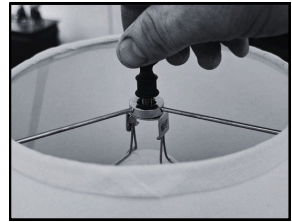

STEP THREE: INSTALL THE CLIP-ON SHADE ADAPTER

Slide the clip on shade adapter over the uplight LED Bulb.

STEP FOUR: INSTALL THE SHADE AND FINIAL

Place the shade on the clip-on shade adapter and secure with the finial. Adjust shade as necessary.

STEP FIVE: INSTALL THE SMART PLUG

Skip to step 6 if you have the slide cord.

Plug the Smart Plug into the outlet you plan to use for your lamp.

Next, install the StarFish Smart Plug App onto your smart device. Easy instructions for installing the Smart App are available on our website via the URL below or QR Code.

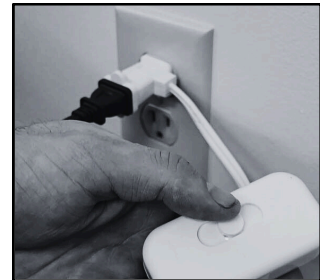

<https://microsunlamps.com/microsunlyte-resource-center/>

Once your App is installed, plug your lamp cord into the smart plug, and then you will be able to control your lamp via the app on your smart device.

STEP SIX: INSTALL THE OPTIONAL SLIDE CORD DIMMER

Plug the Slide Cord into the outlet you plan to use for your lamp. Then plug your lamp cord into the Slide Cord Outlet.

If you have questions, please reach out to us and we will be happy to help.
